MYSTERY TOUR DAILY ITINERARY

Day 1 – Monday, June 22 | Crossing Paths & Hidden Stories (L, D)

Our adventure begins with a journey that takes us across an international border—**don't forget your passport!** We'll stop where past and present meet, sharing a meal rich in tradition and stories. Later, we step into a space that holds memories of resilience and reflection, surrounded by towering trees and traces of history. After an **inspiring afternoon**, we head into the heart of a city where we'll be based for the next few nights. Dinner tonight is local and lively—just a taste of what's to come.

Day 2 – Tuesday, June 23 | Towers, Trails & Treasures Under Glass (B, L, D)

Get ready for a day filled with curiosity and contrast. We'll begin somewhere unexpected—where old meets new in a surprising setting full of stories (and possibly silos). Then, prepare to be surrounded by **vibrant colors, rare finds, and living beauty**—indoors! This glass-covered treasure features blooming wonders, curious shapes, and more photo ops than your camera can handle. There will be walking, sitting, and lots to take in for those who love the beauty of nature without getting their shoes muddy. Lunch and dinner are served at local favorites with plenty of **flavor and flair**.

Day 3 – Wednesday, June 24 | Life in the Past Lane & Lakeside Escapes (B, L, D)

Today's theme: **travel through time**—by land and by water. First, we board a vessel that glides along a storied route, complete with musical surprises and feats of engineering. You may even pass under something that seems upside down. Next, a **peaceful escape** awaits with wooded paths, tasting experiences, perfect for slowing down and savoring the moment. There may be something sweet along the way—and we don't just mean the desserts. The day ends with a delightful **dinner cruise** where the horizon glows and conversation flows.

Day 4 – Thursday, June 25 | Lines, Light & Lakeshore Wandering (B, D)

Our final day begins with architecture that plays with perspective—where windows frame nature like artwork, and geometry meets genius. From there, we follow the shoreline to a market filled with local flavor. Stroll, snack, and shop at your leisure before heading to a center where **nature and science** come together. You might even find yourself looking out from a surprising height. We wrap up our journey with a festive farewell meal in a vibrant setting before heading home with full bellies and even fuller hearts.
