One of America's most treasured areas, Glacier National Park is brimming with natural beauty. From alpine meadows to tall, rugged mountains, each scene is more stunning than the next. Take it all in on a special tour of Glacier Park's historical lodges. Each charming lodge has unique characteristics, from resembling a Swiss village to the original home of the Blackfeet tribe. One thing they all have in common though is their comfort and integration with the surrounding park. Take in mountain views, wildlife, and lake views, for a memorable week in the 'Crown of the Continent.'

**July 6, 2023 - 2pm Depart Chicago aboard the Empire Builder** Your journey to Glacier National Park begins today as you board the Empire Builder for a trip across the prairies to Glacier National Park. Overnight train.

**July 7, 2023 - Glacier Park Lodge** Arrive in East Glacier and check into the Glacier Park Lodge. Built by the Great Northern Railway, the land was purchased from a tribe of the Blackfeet Nation. When the hotel opened, hundreds of Blackfeet Indians gathered on the grounds in teepees for a celebration. The original timber is still in place and is thought to be around 900 years old. Aside from gazing over the mountain views from your room, you can enjoy the Lodge's restaurant, espresso stand, take a swim in the outdoor pool, play golf on the nine-hole course or relax in the spa. Overnight East Glacier, MT.

**July 8, 2023 - Glacier National Park at Leisure** Today is at leisure to explore Glacier National Park. You may wish to see some of Glacier National Park from the water or a rafting or boating activity. Discover the park's highlights during a variety of optional activities. Make arrangements in advance or ask your Tour Manager for suggestions. Overnight East Glacier, MT. (B)

**July 9, 2023 – Museum of the Plains Indians / Many Glacier Hotel** After breakfast we visit the Museum of the Plains Indians, showcasing a collection of art and history from the tribal people of the Northern Plains. The rich history of the area and its people is shown through painted murals and intricately carved wood panels. Continue north to Many Glacier Hotel, the largest lodge in the park. This historic gem was also built by the Great Northern Railway in 1914 and its grand history is evident in the Swiss Lounge and Ptarmigan Dining Room. Tucked away on the shores of Swiftcurrent Lake, the five-story hotel provides private views over the park. Overnight Glacier National Park, MT. (B)

**July 10, 2023 – Swiftcurrent Lake Boat Cruise** Take in the spectacular scenery of Many Glacier Valley from a historic wooden boat as you cruise across Swiftcurrent Lake.
